At Bujinkan Honryu Dojo we have a clear vision on what we want to achieve and the legacy we'd like to create. We welcome any further feedback on our current club charter.

1. To create a legacy of martial arts proficiency within the local community that will enable people to feel safe, be confident and improve their levels of fitness.
2. To work with the local community to create a club that is fully inclusive and representative of those within the community it supports.
3. To offer support and guidance to students on all matters self-protection to enable more people to make sensible and smart decisions on staying safe.
4. To create a culture of care, discipline and respect that will enable the club's members to enjoy the benefits martial arts bring in and out of the dojo.
5. To work hard as a club to continue monitoring and improving our internal standards to continue offering the very best levels of care and training for our students.
6. To pass on the legacy of a martial art that has existed for hundreds of years.
7. To keep alive, and relevant to modern society, a martial art that has been passed on directly to us.
